A Standing Ovation for Florida’s District Convention

BY: Carl Fridh
Florida District Editor
State College of Florida—Bradenton

The Florida District’s 51st annual convention, Late Night with CKI, was a fun time had by all in attendance. Held at the Doubletree Hotel on the shores of Cocoa Beach, there was plenty of sun and fun despite colder weather.

On Friday, several people from St. Petersburg College helped out to kick start the weekend in full gear by stuffing bags and setting up the meeting rooms. Then came opening session where several members nominated potential district board candidates. Judge Charles Roberts gave a speech on how CKI is about fellowship and following that, more late night shenanigans occurred. Places like nearby restaurants and the Late Nite Lounge had several activities going on. But even insomniacs knew there was more coming.

Saturday morning had District Board candidates caucusing between the divisions and a speech from this year’s Key Club District Governor Sergio Segreco. Fun workshops happened afterward. The weather was beautiful enough for the Bill Hoskinson Picnic outside, and local Kiwanis clubs helped out by serving a delicious barbecue lunch right next to the hotel. Thank you for serving everybody a delicious lunch.

After the picnic, the District got down to business with the House of Delegates. Not much was up for debate this year and our new board was voted in.

The Governor’s farewell banquet was afterward and there were a mix of emotions in the air. Awards were given out, with University of Florida winning club of the year. As speeches from Past Governor Jennilyn Thibault and Kiwanis Andy Hall were given out; big laughs caused an uproar in the meeting room with Tim Wolfinger and Brian Rigney doing a CKI version of “In The Year 3000” and a certain children’s book causing some unintentional comedy. You can see a full recap of award winners on page 3.

Sunday morning came and signaled the end of this year’s convention with the board installation brunch. Kiwanis Governor-Elect Tom Ramiccio installed our current board and gave out pins to the newly-elected board. After a few announcements, District Administrator Matthew Cantrall gave a few words of wisdom about our district and awarded Taylor Morgan and Beth Parise with the Leader of Honor award and Dave Liddell awarded with the Circle of Service award. District Administrator Valerie Longo was inducted into the Florida District Hall of Fame.

Then our convention ended with Locks for Love, where several members throughout our district cut and donated their hair for the organization. With their hair, they are able to make wigs for children fighting cancer.

After the bell rang, an applause roared for an encore, but not until next year. In the meantime, back to our regularly scheduled programming of service, fellowship, and leadership.

For some great pictures of the event, be sure to check out...
Member Spotlight: Kanyon McLean

One UF CKI member uses her skills as a musical producer for a holiday service project. Past UF Editor Courtney Collings conducted an interview with Kanyon McLean on the creative process behind their service.

**BY:** Courtney Collings
Past Club Editor
University of Florida

**Courtney:** How did you go about choosing the script?

Kanyon: Before attending college, I was a member of a group back home called the USF Singers, so I had a ton of old scripts to search through. I found one that I thought was easy enough to pick up quickly from the actors’ perspectives and that was still good for the audience. To make it quicker for everyone to pick up the characters and such, I kept the “personas” of characters from the original, but got rid of the “specifics.” Instead of being a “Julie Andrews from The Sound of Music character,” I decided to just go for a more “folksinger” type. Does that make sense? (laughs) As for songs— I kept the ones that I thought everyone knows.

**Courtney:** What is the best aspect of creating such a show?

Kanyon: The creativity and dressing up in funky costumes. I LOVE costumes!

**Courtney:** What is your past experience with this sort of creative work?

Kanyon: I started singing with the USF Singers back home when I was seven. It is a group that each November, we meet on Sundays for rehearsal. Then throughout the entire month of December, we perform our sing-a-long show for various nursing homes, averaging about 20 homes by December 23rd. Each year is a different show and theme with new characters. It’s always interesting!

**EDITOR’S NOTE:** Thank you Courtney for this wonderful article. It proves that whatever skills or hobbies you have, you can always implement a service project around them. On January 9th, UF performed at Emeritus, a retirement community in Gainesville. Their project was a success and I wish the both of them continued luck in their lives!

Club Spotlight: University of Central Florida

**BY:** Beth Paris
Immediate Past District Secretary
University of Central Florida

The University of Central Florida has grown substantially in the last decade, and the Circle K club has kept pace. Our University now has the 3rd largest undergraduate enrollment in the nation, and represents the true “big school” attitude. However, while some large schools can sometimes make each student feel insignificant, the campus community at UCF certainly reflects a family.

Service is at the heart of the Golden Rule, and has integrated into almost every aspect of campus life. Service learning is not only a requirement of almost all degree programs, but it is actively promoted as an easy way to try out new experiences and explore other career options without changing majors thirty times (although, as our clever nickname “U Can’t Finish” can suggest, some students still change their majors several times). Volunteer UCF provides opportunities for any and all students to take time out of their schedule to serve in a simple, student government-facilitated project.

UCF CKI has worked year-round supporting UCF’s initiatives and has taken on the challenges of several other campus projects as well. For instance, in the coming month, the Department of Housing and Residence Life will be coordinating a “Box City” Homelessness Awareness event, and through CKI’s connections with the Coalition for the Homeless, we have committed ourselves to volunteering at this event to make it outstanding.

UCF CKI has strong foundations in the district level, from the earliest days of our rechartering in 1996. Not only do we have an amazing faculty advisor, who is also a member of our sponsoring Kiwanis club, but our Kiwanis advisor and several other members of East Orange County Kiwanis are also UCF CKI Alumni. Our Kiwanis Family relations truly make our club unique.

In short, UCF CKI is an integral part of the Florida District and has been actively involved on our campus, and in our surrounding community. We are always doing what we can to serve with our Kiwanis club, our university departments, and our community partnerships.

**The Basics of CKI**

CKI Fast Facts:

**Current International President:** Jason Stewart; Ohio District, The College of Wooster.

**Founded:** 1936 at Washington State University.

**First Chartered Club:** 1947 at Carthage College.

**First Convention:** 1955. Bylaws and Constitution adopted.

**Membership:** Over 11,000 college students.

**Around the World:** Clubs in 17 nations.

**Motto:** “Live to serve, love to serve!”

**Logos:**

---

It’s the start of another great year for the Florida District of CKI. I hope everybody is full of confidence and ready to start serving their communities. But please take a minute to refresh your mind on the three tenets of CKI.

Circle K International (abbreviated CKI) is a nationwide chain of convenience stores... just kidding. Actually, CKI is VERY different from that but we still like to serve our community as well as hang out with our fellow members and lead in our organization.

CKI has three tenets; Service, Fellowship, and Leadership.

**Service** is simple, serving others around us, but it can be executed a number of ways through a lot of various projects that we do throughout the year! It can be something as simple as a car wash to an all night fundraiser such as a team for Relay for Life.

**Fellowship** basically encourages social times between members of our club, members in other clubs, etc. Socializing is a key part of life and a really integral part of Circle K International.

Last but not least, there is Leadership. Leadership isn’t a type of boat that you ride around with T-Pain. There are several opportunities for leadership in our organization, especially on the club level, even further on the district level, and on an even grander scale in international. It is a really handy skill that will come into use several times during your life and one you would want to learn how to use.
University of Florida’s Passionately Pink Party

BY: Courtney Collings
Past Club Editor
University of Florida

Pink drinks, pink attire, and plenty of music...this may seem like a typical themed party on a Friday night. But this Friday, we attended a party framed around a purpose, not just a motif. Everyone in attendance came to raise money for the Susan G. Komen Foundation. However, fun was not in short supply.

UF Circle K International sponsored this event on February 5th, bringing together over 70 people to the Gainesville Place Clubhouse, raising over $500 for the cause.

Marsha Cohen, service chair, put together the event and fostered success. She dedicated months to planning this project: Organizing the event, putting together committees for assistance in initiating her plan into action and collecting many food and prize donations.

In addition, we were fortunate enough to listen to a great guest speak of her mother’s battle with triple negative cancer and her courage throughout her experiences. She served as even more inspiration for the attendees to help the cause and those affected by cancer.

International LSSP: Serving Under the Arch

BY: Krystal Weaver
Immediate Past Florida Governor
International SPICE Committee Secretary
University of South Florida—Tampa

Are you interested in serving a community with a ton of your closest K-Family friends from all over the world? I mean, is there another reason you are in this club? Well boy, do I have the project for you! Every year for the past 9 years there has been an International Large Scale Service project! This is a project that any CKI member in the world is invited to and it is the 4 days before International Convention.

This year it will be in St. Louis, Missouri and you better believe that it will be fun! There is 3 days full of service while you get to meet new friends and see the change being made in a community. The last day is a fellowship day where we will have fun activities for everyone to participate in.

This is one of my favorite weeks and has been for the past three years! If you want to be a part of making a change in St Louis and meeting some people before ICON that you will bond with for a little over a week, I will see you there! Registration prices are still being considered but it will be UNDER $200.00. Be a part of the 10th annual LSSP and I will see you there!

ICON 2010

BY: Brian J. Rigney
Member
Santa Fe College

Be excited, the Circle K International Convention, ICON, is coming! It will be held August 4th-8th, 2010 at the home of the Great Arch; Saint Louis, Missouri! This is the first time that Circle K is holding the convention on a college campus in order to lower the cost for you. The convention is at Washington University and the cost is $395 for those who register before July 1st.

The cost includes your
—Convention registration
—Housing
—$40 on-campus meal card

It may sound like a high price, but with four months until ICON, you have plenty of time to start searching peoples’ couches for money.

The reason you should go to ICON is to hang out with your fellow Circle K’ers, represent your club in CKI business, meet people from around the world, and get down at some mad rad awesome dances!

I hope to see our awesome district there in full-on Florida force!
**Governor's Word**

BY: Timothy Wolfinger  
Florida District Governor  
University of Central Florida

**Hello Mighty Mighty Florida District!**

I hope everyone had a great time at the District Convention! If you have not already have done so, please take the time to thank the convention committee and all those involved for all their efforts and hard work for ensuring everything runs smoothly and efficiently.

First, I would like to start off by introducing myself. My name is Tim Wolfinger and I am a junior at the University of Central Florida where I study Political Science in an International Track. I have been in the K-Family since the end of my 6th grade year when I joined the Laurel Nokomis Builder’s Club. Little did I know that I would be so lucky to have made it so far as to become the Governor of this amazing district!

Many times during my decade in the K-Family people have always asked me why Kiwanis. My answer to them is why not. Kiwanis to me is more than an organization. They are my guides, my friends, my family. There are few students in the world that are willing to give up a Friday night for a fundraiser, or willing to give up a weekend to volunteer with the homeless, or even wake up (or stay up all night) to attend a 7:30 am Kiwanis meeting. The K-Family cares about our home, school and community.

Whenever I am going through a rough time, I can always turn to my fellow members for support. That is why Kiwanis! Just look at our tenants. We give individuals the leadership skills they need in order to be successful, we give back through service to the community that has given so much to us and we bond and build friendship through fellowship that will last a life time.

My current roommate is actually someone that I was in Builder’s Club with. I encourage members to please reap all the benefits and opportunities available for you as Circle K members.

This coming year I have huge aspirations for the District. I envision an epic growth that will push off to be a leader for all of International. This feat is something I believe can easily be accomplished. I have met with so many of you during DCON, and heard all the marvelous ideas that you have. Now is the time to turn these ideas into reality. I implore all members to now step up and make a difference. Change the life of individuals around you. Bring a friend to your meeting and share with them the greatness that is CKI. Attend service projects and give back to the community that is helping to support your education through taxes. Now is the time, step up, and together let’s make a difference!

In friendship and service,  
**Timothy R. Wolfinger**  
Timothy Wolfinger  
Florida District Governor  
Circle K International

---

**Alumni Remarks**

BY: John Sullivan  
Florida CKI Alumni Assoc. Vice President

**Greetings, Florida CKI!**

With a new year comes new direction and focus. That is particularly true of the Florida CKI Alumni Association, which has elected a new, energetic board to serve for the 2010-11 year. As one of only two individuals serving on the old and new boards, I want to share with you some of the new initiatives that the alumni will be tackling this year.

The alumni board met on Saturday, March 13th to discuss our goals for the coming term and beyond. In particular, we decided to develop a new club focus. As such, we are initiating two new programs. First, we will be rolling out an alumni advisor program, with the goal being to provide each club with an alumni advisor by the end of the term. This individual will serve as a resource to your clubs, providing guidance and support if and when you need it. Additionally, they will keep you apprised of Florida CKI Alumni Association program and scholarship opportunities. It is our hope that each club finds this resource helpful.

The second program is a Club Service Grant program. Initially, financial constraints will require that these grants are small, but it is our hope that once we finish the endowment process of the “Uncle” Don Knowles Scholarship, we will be able to offer larger grants for clubs to perform greater service projects. More information will be coming on this program as it is developed.

We will also be researching and developing a new internship program. It is our hope to connect CKI members with Kiwanians and other adults in their field of study who can provide hands-on learning opportunities.

Our alumni board is fantastic, motivated, and ready to begin working hard for the clubs of the Florida District. If you have any questions or would like information on our programs and how to get involved, feel free to contact any of the following people:

- **PRESIDENT:** Shannon Love  
  love.cki@gmail.com

“Thanks for everything over the past 6 years, it has been a lot of fun working on CKI events!”
-Maggie Gunther, past Asst. Admin.

Shout out to the University of Florida CKI club for their OUTSTANDING service project, the Pink Party! Special thanks to Courtney Collings for the articles!

Congrats to Gerard Sukhram and the Sunbelt Division for an awesome year!

Tons of thanks to Maggie Gunther and John Sullivan for their dedication to CKI over the past few years as Assistant Administrators!

Shout out to Valerie Connors and the University of South Florida-Sarasota Club for an awesome year of service!

Hello Florida, it’s the start to another great year of service in the Sunshine State. With a new board and new opportunities in a new decade, I hope Florida CKI continues its success after more than fifty years. And I hope our district stands out with this newsletter and other unique things.

I picture the Kapers as a compilation of the best our district has to offer and I feel we can continue to stand out with great people and service projects. Last year’s Answer KEE videos stood out among some of the more entertaining and informative videos among other CKI districts and international. As being part of that team, maintaining the YouTube page and adding the videos to the main site last year, I would like to thank Taylor Morgan (PR Chair, USF Tampa) and Michael Spicchi (MD&E Chair, UF) for their hard work.

Another thing that makes our district stand out is the immense amount of service that we do. Several clubs have done amazing service projects using their creative skills. A lot of clubs do Relay for Life, with that being a part of our Governor’s Project last year, with so many people passionate about a cause so close to many. I’ll also admit all of that walking does help me lose weight though.

But, to my friends in the district. As Ron Burgundy once said, “You stay classy.” I always have a lot of fun with people around the district, whether it is back home, in Tampa, or far away.

And last but not least, the immense amount of Facebook messages and text messages congratulating me with the name “Carol.” With that in mind, thank you Tom Ramiccio for giving me a name that will stick for a while and somehow manage to make me laugh every time.

No matter how big or small, never change Florida… continue to be the standard of excellence in CKI!
Florida visits the Sweet Carolina’s District Convention

BY: Christopher J. Searfoss
Past Club President
St. Petersburg College

From February 26-28 a select few members from the Florida District were invited to attend the Carolina’s District Convention. Those select few were Todd Hildebran, Alex Garner, Krystal Weaver, Nicole McDowell, and myself. It was a remarkable experience being able to see just how the other districts prepared and hosted their district convention.

The Carolina’s DCON was hosted in Columbia, South Carolina. We stayed at a Ramada Inn, and it took us just about nine hours to drive from Florida to Columbia. There were lots of really amazing things about this hotel such as an indoor pool that also led outside, there was a game area that had many pool tables, and there was another area with some couches and tables that we all could just hang out talk and relax.

I thought it was amazing being able to go and join another district and meet and get to know others outside of my district. They had really cool workshops such as a new member workshop which was an informative workshop about CKI. Letting new members know more details about Circle K, like what we do, where we do it, and a little history behind our organization.

They also had a pie auction which I thought was amazing because they raised more money for one pie than I have ever seen since being in CKI. The most that was spent on one individual I believe was just about two hundred dollars.

We also did a really cool service project on Saturday with the Boy Scouts of America. We went to their headquarter building and did quite a bit of landscaping such as, pulling weeds, digging up trees, scraping up grass, laying mulch, and putting down weed proof material to keep the weeds out. I thought it was really cool because I got to do what I love to do with people I just met that love to do the same thing. Sunday was probably the worst day just because I know that it was our last day, and we were going to be leaving soon. All in all it was a great trip with lots of service, leadership and fellowship.

WHERE IN THE WORLD IS ALEX GARNER?

Our hard working Subregional Representative, Alex Garner, has been jet setting around the world over Spring Break. As an old saying goes, “A picture is worth a thousand words,” (now if that applied to research papers). Anyways, here are a few photos of Alex’s adventures...

ABOVE: Alex Garner at the Carolina’s District Convention convincing attendees to go to ICON this year in St. Louis!

Photo by: Minerva Thai (Duke Univ.)

RIGHT: Cool story, bro. Alex enjoying the festive atmosphere of the Eastern Canada & Caribbean DCON.

LEFT: Room with a view. The splendor of Jamaica. That’s a few words out of a thousand.
